SFERA

Sfera is a unique decorative finish, characterized by a crystal and pearl appearance created by mineral particles. The finish enables to create various chromatic results, that vary in terms of effects and colours.

The product is easy to apply and hence makes the decorative intervention extremely simple and quick. The versatility of application makes it a favored product with professionals and allows for high level of customization. It is free of formaldehyde and added plasticizers and is meant for indoor use only.

- Quick and easy application
- Odourless
- Environment friendly and low VOC
- Highly customizable with respect to colours and effects
- Compatible with all paintable substrates
- Supports fragmented repair
- Adaptable in all concepts, classical, modern or fusion.
